5	Letter No R.O.C. 184-23/L.7. dated the 5/24th Decr 1923 from the President, Dt Board, Hissar Dt., requesting that the cost of neo-salvarsan tubes to be supplied in future to Dt Boards for the treatment of cases of relapsing fever, may be ordered to be met from State funds and the G.O. No 8-28/Land 521-23-2 dated the 21st Oct 1923 suitably modified
6	Letter No DC 395 of 23-24 dated the 5th January 1924 from the Dy Comr. Rohtak Dt forwarding for orders an extract from the proceedings of the Jail Council of Medical Inquiry recommending cancellation of G.O No 8-28/Land 521-23-2 dated the 21st Oct 1923 re the recovery of the cost of the purchase of Neo-Salvarsan tubes from the local bodies

NOTE—Contn. sheet.

G. R. S. III-21

General and Revenue Secretariat. | Unid File No. [illegible] of 19[illegible]

Serial No.

1) The President of the Dt Board of Health Dt & the Municipal Council of Arakal both base their contention on the authority of G.O.no 6123/Genl 141 dated the 26th October 1875.

2) But a later order of Govt vide 3., 6381-92/Sanitary 250-07-33 dated the 8th March 1912 (para 5) lays down that local bodies are required to provide funds for suppressing & preventing the recurrence of dangerous diseases. On the authority of this order, the G.O. now asked to be modified was based

3) Third reference is also invited to G.O.no 2512 7-40 Sanitary 29-23-2 dated the 7th/10th January 1924, wherein it is laid down that the cost of vaccine supplied

Please E.
This is not quite correct. This order only refers to the provisions of the Municipal & Local Board Regulations in this respect but does not direct that the Local bodies should provide funds for the suppression and prevention of all dangerous diseases. It only directs that charges for suppression of prevention of plague should be borne by local bodies C.S.R. 27.1

Please D
What is the authority for this statement. The reason assigned by the Senior Surgeon is different. C.S.R. 27.1

G. R. S. III-2]

General and Revenue Secretariat. | MCR File No. 54 of 1923

Serial No.

15) The contention of the Hassan and Bangalore District Boards and the Anekal Municipal Council is that as Neo-Salvarsen is a Europe Medicine, it ought to be paid for from the State Funds and supplied for treatment of relapsing fevers as in the case of other Europe Medicines administered at the Local Fund Dispensaries.

9.

16) Though the President of the Bangalore District Board applied in February 1923 for the free supply of the tubes, Government in their Order dated the 28th March 1923 directed that the charge be debited to "Plague and other Epidemic charges" and the Senior Surgeon was asked to send up an application for a special allotment noting the quota to be contributed by the Local Bodies. This order was issued from the Medical Section and was not communicated to the Sanitary Commissioner who controls the budget grant under "Plague and Epidemic charges." The fact that the correspondence in this matter is carried on by the Senior Surgeon and not by the Sanitary Commissioner, appears to have given some opportunity for the contention now raised.

17) In para 3 of his letter dated the 19th September 1923 the Senior Surgeon has clearly stated that "the treatment of relapsing fever by Neo-

NOTE—Contn. sheet.

Serial No.

Salvarsan is distinctly a preventive measure inasmuch as each patient suffering from the disease continues to be a source of infection x x .

x x x x x x x x x

Under the rules for combating epidemics issued with G.O. No. G.21371-402/San.101-17-12 dated the 25th March 1919 the Local Bodies are charged with full responsibility for carrying out preventive measures It therefore seems to me needless to ask what quota they would be prepared to pay. The Government order of March 1919 is binding on them."

18) Neo-Salvarsan tubes are supplied to the Chief Sanitary Inspectors and other officers by the Presidents of Local Bodies for administration to the affected people at home and not in Dispensaries. Simply because the cases of relapsing fevers require the use of Neo-Salvarsan which happens to be a Europe Medicine, the disease cannot be classed as ordinary just like fevers etc., which are treated in Local Fund Dispensaries and as it ~~has been expressed~~ is admitting to the opinion of the Senior Surgeon were once classed ~~treated~~ as an epidemic, the expenditure to be specially incurred for its prevention is a legitimate charge on the Municipal and District Funds in accordance with the orders of the 25th March 1919.

19) The contention of the Local Bodies would have been valid if the special medicine was purchas-

NOTE—Contn. sheet.

Serial No.

D

ed for treatment of ordinary diseases usually attended to in the Local Fund Dispensaries. and such charges are in para 2 of G.O. of 21-10-23 directed to be waived in Govt Institutions

20) An examination of the provisions of the Municipal and Local Boards Regulations is not necessary for meeting the contention of the Local Bodies - unless they dispute the legality of the G.O. of the 25th March 1919 and this order has all along been agreed to and acted upon by them.

21) These facts have been reiterated here as directed by the Assistant Secretary in paras 12 and 13 and they indicate that the only argument for meeting the contention of the Local Bodies is that noted by the office in para 11 above.

55

Through the Deputy Commissioner, Hassan District.

Sir,

Flag D With reference to G.O.No. Camp 8-28/Med. 54-23, dated Mysore, the 21st Octr. 23, re: the purchase of the Neo-Salvarsan tubes by the Senior Surgeon in the 1st instance and then recovering the cost thereof from the local bodies etc., I have the honor to state that the subject was discussed by the District Board at its meeting held on 17th November 23, and the Board resolved that this item is not a legitimate charge on District Funds, but as a special case, the charge for the tubes till now supplied may be paid and that Government will now be requested to bear the costs themselves, in future.

2. The Finance Committee of the District Board at its meeting held on 16th November 23, has also resolved that this Committee regrets that the District Board is saddled with costs which legitimately will have to be borne by Government and recommends to the Board the payment as a special case.

3. Under these circumstances I request that clear instructions may be issued to discontinue the practice of calling upon the District Boards to meet these charges for

13

3676-S

future supplies, as this item of cost is a legitimate charge on State Funds, as per Government Order No. 6123-Genl 141, dated 26th October 1875, in which it is clearly stated that the cost of supply of Europe Medicines would be borne by Government. Flag A

Neo Salversan Tubes

Declines to reconsider the existing order regarding the payment by the local bodies on account of the supply of----to the Local Fund Dispensaries.

Read---

Government Order No.8-28/Med.54-23 dated the 21st October 1923, according sanction to the purchase, in instalments, according to demand, of 1916 Neo Salvarsan tubes at a cost of Rs.3,200 for use of the local bodies, by Senior Surgeon, for the treatment of relapsing fever, the cost being recovered from the local bodies concerned.

2. Letter No.R.O.C.194-23/L.F. dated the 5th/24th December 1923, from the President, District Board, Hassan District, requesting for reasons given, that the cost of the Neo-Salvarsan tubes ordered in the above Government Order to be supplied to local bodies for the treatment of relapsing fever may be met by Government instead of being recovered from local bodies.

3. Letter No.H.C.395 of 23-24, dated the 5th January 1924 from the Deputy Commissioner, Bangalore District, submitting for orders a copy of the resolution of the Municipal Council of Anekal, requesting that the cost of Neo-Salvarsan tubes supplied to local bodies for the treatment of cases of relapsing fever be met by Government.

4. Letter No.C.274 of 23-24, dated the 24th January 1924, from the President, District Board, Bangalore District, requesting sanction for the proposal of the District Board, Bangalore District, that the cost of Neo-Salvarsan tubes supplied to local bodies for the treatment of cases of relapsing fever be met from State Funds.

ORDER NO.L.7927-48/MED.54-23-8 DATED 3RD APRIL 1924.

The treatment of cases of relapsing fever by Neo-Salvarsan is distinctly a preventive measure in as much as each patient suffering from the disease continues to be a source of infection. Under the rules for combating epidemics issued with Government Order No.G.21371-402/San.101-17-12, dated the 25th March 1919 in rural and urban areas, the local bodies are charged with full responsibility for carrying out preventive measures. Although cases of relapsing fever require the use of Neo-Salvarsan which happens to be a Europe medicine, the disease cannot be classed as ordinary, just like other diseases such as fever, etc., which are treated in Local

Fund Dispensaries, and the expenditure is accordingly a legitimate charge on the Municipal and District Funds in accordance with the orders of the 25th March 1919. The proposals of the District Boards of Hassan and Bangalore and of the Municipal Council, Anekal, cannot therefore be sanctioned.
